

## Village of Fayetteville Beautification Committee

The Beautification Committee was formed by Mayor Olson in the summer of 2008 to look at ways to enhance the beauty of our Village. Our group looked at other communities to obtain ideas we might implement within our Village, and we were impressed with downtown Canastota's flowering pots. We made a proposal to the Village Board in the Fall of 2008 to purchase 30 flower pots and contract for the planting and maintenance. The Committee selected the style and type of pots and plants and toured the Village to choose the initial placement for our 30 pots. The contract was awarded to Debrucque Greenhouses to plant and maintain the pots throughout their growing season. The flower pots were placed before Memorial Day and will remain on site until the Fall withers them. When removed they will be stored for next year, the plants will be composted and the soil recycled for our future use. The initial year of this project was funded entirely by the Village.

The response from the residents as well as travelers through the Village has been overwhelming. It is the intent of the Committee and Village to continue and expand this project and pursue additional sources of funding by approaching residents, merchants and professional women and men of our Village and the surrounding area. The donations will be used for purchasing and maintaining additional pots which will be placed from the lower Village to the Post Office along Genesee Street and to Beard Park. Your tax deductible gift may be made in honor of or in memory of someone special to you; they will be notified of your gift if you provide information on the form below. All donations will be listed in the Village Newsletter, Eagle Bulletin and Neighbors East.

In advance of your gift, we thank you.
