Mayor's Message

Mayor Mark Olson
molson@fayettevilleny.gov

I hope that you and your families are healthy and safe. The village of Fayetteville is continuing to follow all the safety protocols from the state, county and CDC. I'm happy to announce that we are slowly coming back to normal. Plans are in the works to bring back as much of the normal activities in the village as possible while keeping all involved as safe as possible. I want to thank our dedicated employees and volunteers for their amazing work during the past year. This pandemic has taught us how important our village is. The services we provide aren't essential, they are vital to our daily lives. We take this mission very serious. We will continue to make sure we provide the best services while maintaining our history, charm and quality of life for all residents to enjoy.

This newsletter highlights the annual budget so taxpayers may understand where the tax dollars are spent as well as where the village receives its funding from. As you review these numbers please feel free to call me or email me at any time to go over these figures.
