### § 187-41 Special permits.

#### A. Applications.

(1) An application for a special permit shall be made to the Planning Board and shall be accompanied by three sets of preliminary plans and other descriptive matter to portray clearly the intentions of the applicant. These documents shall become a part of the record. Such plans shall show location of all buildings, parking, access and circulation, open space, landscaping and other information necessary to determine if the proposed special use meets the requirements of this chapter.

(2) The structure and uses authorized by special permit shall conform to all of the regulations of the district in which they are located and to any particular regulations which apply to them under other provisions of this chapter.

(3) No special permit use shall be approved unless the following findings are made:

(a) Applicable district regulations and other general and special controls contained in this chapter are complied with.

(b) There will be no adverse impact upon the neighborhood environment, character or integrity of any land use within the immediate vicinity.

(c) The development will be in harmony with the visual and physical environment and not in conflict with any Master Plan or Comprehensive Plan for the Village of Fayetteville.

(d) Adequately designed open space, drainage facilities, landscaping and other features considered appropriate to the function of the development shall be provided.

(e) Traffic controls for vehicular and pedestrian movement are designed to protect the safety of the general public and the occupants, employees, attendants and other persons for whose benefit the use is intended. In making this determination, the Planning Board shall review, but need not be limited to, the following considerations:

[1] Location and adequacy of parking and loading facilities.

[2] Pedestrian rights-of-way.

[3] Traffic regulatory devices.

[4] Location, number and design of points of ingress.

[5] Accessibility to emergency vehicles, with particular emphasis on proximity to structures, no-parking or -loading zones or areas and provision for turning and free movement.

[6] The proposed use will be provided with adequate supporting services, such as fire and police protection, public and private utilities and all other supporting governmental services necessary and appropriate to the proposed use.

(4) A public hearing shall be held by the Planning Board with respect to all permit applications. Action by the Planning Board shall be completed within 60 days from the closing of the public hearing. The special permit application may be approved, conditionally approved or disapproved. The decision will be forwarded to the Codes Enforcement Officer with a copy to the applicant. Following approval or conditional approval, the Codes Enforcement Officer shall issue a building permit if required, and if the project conforms to all other applicable requirements.

[Amended 3-28-1988 by L.L. No. 3-1988; 3-22-1993 by L.L. No. 5-1993]

#### B. Criteria.

(1) In making a determination as to the compliance with any one or more of the findings and conditions specified in this section, consideration shall be given, but need not be limited, to the following elements:

(a) Geometric characteristics of all structures and related improvements.

(b) Aesthetic characteristics, including design, texture, materials, colors and illumination.

(c) Physical attributes of the site, including size, shape, elevation, topography and natural vegetation.

(d) The Planning Board may impose such conditions on the approval of any application as in its opinion are necessary and reasonable to implement the provisions of this section.
