## A Letter from the Mayor

Thank you again for the honor of serving you as Mayor. I look forward to 2018 and all that it will bring to our village. We have many *upcoming* projects, including potential commercial development, new upgrades to our park system, as well as other upgrades to our infrastructure and buildings. We are even eagerly awaiting a grant for a LED street light conversion project.

Our senior center campus is a very important part of the fabric of our seniors' lives and our community. The center is in need of a new activity space, larger and more functional areas for all the events that take place at the center, a more functional kitchen, and office spaces. We have been working with the senior center board and director as well as a local architect to make the necessary plans to upgrade the center. These upgrades will be partially funded by grants from several agencies.

Another project that has been in the works is Phase 4 of Canal Landing Park. The Canal Landing Park has been an incredible asset to the village since it opened over 7 years ago. We have continued to make improvements and now Phase 4 will connect Canal Landing Park to the historic Erie Canal with lighting, paved trails

and informational signs. With special thanks to Assemblyman Stirpe for awarding the village a grant, there is a Phase 5 already being planned.

Thank you to Marty Brunet and the entire Parks Commission for their dedication and time spent completing & updating our parks master plan. This project took over 18 months to complete. The finalized Fayetteville Parks Master Plan can be found on the village website.

We have been awarded round two of the Safe-Routes-To-School grant program which will allow us to complete the village sidewalk infrastructure, as well as make some necessary handicap upgrades at several intersections. If all goes to plan, the planning phase will begin soon with public input meetings hopefully by this summer. This project will ensure that every child and resident of Fayetteville will have a safe sidewalk to walk on, no matter where you live in the village.

There are three commercial projects that have been presented to our Planning and Village Boards over the past few months. I have heard from several residents on both sides of these projects. I completely understand the concerns from the residents throughout this village. I also know that our village is a special village filled with residents who love it, as I do. This shared love generates a desire to see this village thrive and not lose the character or quality of life that Fayetteville is known for. I want to assure each and every resident that we will make sure we

listen to your ideas, concerns and comments very carefully. In return I would ask that you take the time to stay engaged and let us know your thoughts. Most importantly, I ask for you to consider all sides of these projects. Since 1996 there has not been one project in our village that hasn't been without concerns from our residents, but one thing has remained the same, that when we work together, communicate, give on both sides, we will end up with a project or product that will enhance our village, not detract from it. These projects will take time to evaluate and we will take the time that we need to make sure we get this done correctly for all involved. I know I have only what is best for Fayetteville in mind every time I evaluate one of these projects.

The third season for the deer culling has started and will run through the end of March. This year new restrictions have come into effect which have modified the number of sites being used. Senator DeFrancisco has proposed new legislation to help facilitate deer management, a growing issue throughout the state. At the end of this season, we will provide an update on how we have done to date from the deer culling, deer ticks, and deer counts in the village. We know that at the beginning of this year the deer count in the village was 3 to 4 times what our stated goal is. We will continue to evaluate and monitor the program. We are encouraged that the Town of Dewitt, Onondaga Hill, Syracuse and other local communities are either working on their first year of the program or are considering starting a program. This issue does not belong to Fayetteville alone, but continues to grow in residential areas throughout Central New York.

These and many other projects are what make Fayetteville so busy and vibrant. It takes many hours of planning and countless hours of dedicated volunteer and village employees' time to make all these projects and initiatives happen.

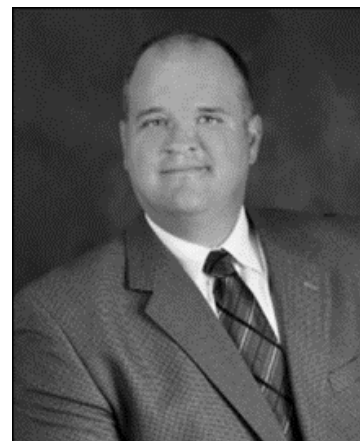

If you would like to be part of one of our committees please feel free to email or call the village office.

To all our residents, volunteers and businesses who make the Village of Fayetteville a place we are all proud to call home, THANK YOU.

To those who work and volunteer for the Village, THANK YOU. You are truly the best of the best when it comes to helping make Fayetteville the all it can be.

*Mayor

### Mayor's Top 10 - 2018 Goals for Fayetteville.

1. Senior Center Phase I & II Construction
2. Canal Landing Phase 4 & 5 Bid / Construct
3. Tax Collection Software with County I.T.
4. Update Employee Handbook
5. Implement Updated Parks Master Plan
6. Safe Routes Sidewalk Project Phase II
7. SMTC Route 5 Traffic Study Implementation
8. Meadowbrook I & I Study and Plan
9. Pine Ridge Drainage Project
10. Stabilize Tax Rate

I hope you are enjoying[?] or should I say surviving the Winter.

Thanks to our DPW for maintaining our roads and sidewalks. Also, to the women and men, both volunteer and career members, of our Fire Department for their care and protection.

In each newsletter, I like to thank all who serve on our Boards and Committees. We are fortunate having our friends and neighbors willing to serve. It is important to acknowledge as well as appreciate the time and effort that these residents contribute to our Village. They preserve and enhance the quality of life that we as Fayetteville residents have come to expect.

The members of these Boards and Committees do so without compensation. Also, the members of these Boards must attend classes to continue to serve. At some Planning, Zoning, or Historic Board meetings there are negative reactions to some of their decisions and hard feelings toward the Board. At others, there is a thank-you for the help or suggestion regarding a project. While some requests are not allowed based on the Village or State code, most requests have a positive outcome for all.

Our Committees, Recreation, Parks, Trees, Beautification, Deer and the Senior Center usually meet once a month. The members of each of these committees work on projects that benefit all of the Village residents. A recent example told to me by a new resident (1 & 1/2 yrs.) was, "There was an unhealthy tree in front of my house on Village property. The Village DPW removed it. I was then contacted by a person from the tree committee asking me what type of replacement tree I would like?" He emphatically said "that is why I am happy with my decision to live in Fayetteville."

I often get comments such as this. Compliments like this make me proud of our Village and being a Fayetteville Trustee.

I hope you all got a glimpse of the Blue and Red and BIG full moon on Jan. 31.

Earth Day Clean-Up Events will be held

April 21 & 22, 2018

Join us in keeping Fayetteville's Parks beautiful. The Village of Fayetteville will be celebrating Earth Day 2018 on Saturday, April 21st and Sunday, April 22nd. We encourage residents of the village to get outside and visit our local parks. We also encourage everyone to assist in litter & debris clean up, if possible. Information and material stations will be set up at various park locations in the village. They will include Canal Landing gazebo, the Ledyard Canal @ the Fayetteville Free Library, and Beard Park.

## Department of Public Works

Now that snow season has officially arrived, it is important to remember that no parking is allowed on village streets from November 1 to April 15. Snow plowed by a private contractor or resident should not be moved into the street. Use caution when approaching or following a village plow.

Please call the DPW at 637-6065 to report potholes along with lawn and/or mailbox damage caused by Village of Fayetteville plows. The village is not responsible for damage resulting from private contractors. We will be around as soon as the weather permits for repairs.

### **CURBSIDE PICKUP CHANGES**

New York State no longer allows anyone to dispose of e-waste as trash. See below for definitions of E-Waste. Improper disposal could result in fines. Visit the OCRRA website, [www.ocrra.org](http://www.ocrra.org), for information on proper local disposal.

Good Friday is March 30th - C&D will be picked up on Monday, April 2, 2018.

Memorial Day is May 28th - Yard waste pickup will begin on Tuesday, May 29th.

If you need a blue bin for recycling, you can either call us to request one or stop by the garage, 5572 North Manlius Street, between 7 a.m. and 3:30 p.m.

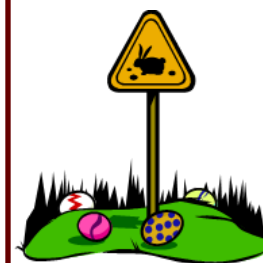

**Thank you for your cooperation as we look forward to spring.**
